Template resolutions for the disapplication of pre-emption rights complying with the Pre-Emption Group's Statement of Principles

The Pre-Emption Group's Statement of Principles allows the annual disapplication of pre-emption rights to include:

- 10 per cent of issued ordinary share capital to be issued on an unrestricted basis;
- an additional 10 per cent of issued ordinary share capital to be used for either "an acquisition or specified capital investment"; and
- a follow-on offer to existing holders of securities not allocated shares under an issue made under either of the two bullets above.

The Pre-Emption Group has decided to assist companies by publishing template disapplication resolutions.

The Statement of Principles allow "capital hungry companies" to seek additional disapplication authority, for use whether or not in connection with either an acquisition or specified capital investment, and to seek disapplication authority for a longer period. Such companies should adapt the template resolutions as appropriate.

The template provides for companies to propose separate resolutions to authorise companies to:

- disapply pre-emption rights on up to 10 per cent of the issued share capital, with a further disapplication for up to 2 per cent to be used only for the purposes of a follow-on offer; and
- disapply pre-emption rights for an additional 10 per cent for transactions which the board determines to be either an acquisition or a specified capital investment as defined by the Statement of Principles, with a further disapplication for up to 2 per cent to be used only for the purposes of a follow-on offer.

When an additional 10 per cent disapplication authority is used for an acquisition or specified capital investment, companies should disclose, in the announcement regarding the issue, the circumstances that have led to its use and describe the consultation process undertaken. In addition, the Statement of Principles provides that companies are expected, each time they have undertaken a placing using the disapplication of pre-emption rights under any general disapplication of pre-emption rights, to publish a post-transaction report containing the details set out in the Statement of Principles and also include those details in its next annual report.

The Pre-Emption Group advises that companies which do not comply with the letter and spirit of the Statement of Principles are likely to find their shareholders less inclined to approve subsequent requests for disapplication.

The template resolutions set out below illustrate an approach which investors consider to be good practice. While the template resolutions are drafted for UK-incorporated companies, the Statement of Principles apply to companies with premium listings incorporated outside

the UK, so those companies should adopt the resolutions in an appropriate form. The Pre-Emption Group recommends companies use the template when putting forward resolutions to disapply pre-emption rights. However, companies are responsible for ensuring that the resolutions that they propose are effective to achieve their purpose.
